Subject: ENERGY STAR Application for 99 Bedford Street (ID: 1772724)

Dear Jennifer Mauren:

Thank you for applying for the ENERGY STAR for 99 Bedford Street (Property ID: 1772724). We have reviewed your application, and we wanted to follow up on the issue[s] below:

The submitted application is not complete. Each box in the ENERGY STAR Data Verification Checklist for Certification must be checked as "Yes" (or confirmed via the notes field) to ensure that all data has been verified as accurate and up to date. The verification check for the field "Number of Computers" on Page 3 of the application was left blank.

Can you please confirm via reply to this email that (b) (4) Computers is correct? An application resubmission is not required at this time.

Please respond to this email by October 28, 2016 if you would like this property to be considered for the ENERGY STAR.

Thank you and we look forward to your response,

ENERGY STAR Certification Review Team

Hi all,

I have added the Review Team to the distribution with regard to the Sept 29th email, Subject: ENERGY STAR Application for 99 Bedford Street (ID: 1772724). Btw - we believe the same thing happened last year with this property, i.e., we never received the email, yet you indeed have our correct addresses. How odd...

With regard to the question, Yes, my apologies, on page-3 the box was inadvertently left blank. Sometime the elec. check mark "x" doesn't save properly. The count of (b) (4) computers is accurate and correct.

Thank-you.
